Check out DoDEA and the Non-DoD School  
sites for information before you go!

DoDEA's online registration system allows parents to pre-register their dependents for school in a secure online environment. This system is also beneficial in providing the receiving schools with advance awareness of student enrollment. The online registration system is available at <https://registration.dodea.edu/>

The Non-DoD Schools Program (NDSP) provides support and funding for the education of authorized command-sponsored dependents of military members and Department of Defense (DoD) civilian employees assigned to overseas areas where no DoDEA school is available within the commuting area.
